

Statement of Fundraising Regulation Compliance

We are committed to delivering best practice in fundraising and aim to ensure that our fundraising is legal, open, honest and respectful.

As a professional supplier of fundraising support services, our minimum standard is to abide by the relevant regulations set out in UK law and in the [Code of Fundraising Practice](#).

We are members of the [Institute of Fundraising](#) (IoF), [Direct Marketing Association](#) (DMA) and are currently awaiting our registration with the [Fundraising Regulator](#) (FR).
